3. The Culture & Technology Podcast

⌚ Vienna, Austria

About Podcast How is technology changing culture? From exhibition design to the performing arts, we invite leading curators, researchers, artists, and cultural experts to explore how technology is shaping the future of cultural experiences and sparking new opportunities in the process. The Culture & Technology Podcast is a virtual salon hosted by the Vienna Business Agency together with Severin Matusek. Each conversation pairs Viennese creatives with an international expert to discuss a topic, entertain a thought and share their knowledge through conversation.

Top 30 International Development Podcasts You Must Follow in 2021

ABOUT THE AUTHOR

Anuj Agarwal

Feedspot has a team of over 25 experts whose goal is to rank blogs, podcasts and youtube channels in several niche categories. Publishers submit their blogs or podcasts on Feedspot using the form at the top of this page. Our expert editorial team reviews and adds them to a relevant category list. Ranking is based on relevancy, blog post frequency(freshness), social metrics, domain authority, traffic and many other parameters. We routinely remove inactive blogs and those which are no longer relevant to a given list. List is updated as we receive new blog submissions and re-ranked every few weeks.
